S Series Multi-functional Cleaning Trolleys

Multi-functional Cleaning Trolleys,
Convenient for you.

High quality makes cleaning easier

Elerein High quality makes cleaning easier
Elerein Cleaning Products Co.,
Ltd was founded in Shandong, China in
2009.

For more than ten years, we have focused
on the R&D and manufacturing of medium
and high-end cleaning tools, committed to
the positioning of cleaning tools with alumi-
num products as raw materials, and provid-
ed the best cleaning solutions.

Elerein products are divided into five sys-
tems: floor cleaning, glass cleaning, clean-
ing consumables, cleaning aids and storage
tools.

Adhering to the tenet of customer centered,
striver oriented and quality oriented, the
company is a professional company focus-
ing on R&D, producing and sales, and a
brand on the CCTV list.

Elerein is based in Shandong,
serving the whole country and facing the
world! Facing new and old customers with
excellent quality, reasonable price, compre-
hensive and efficient value-added service.
With the service tenet of "Quality first, Cust-
omer first", our company will open up and
innovate, strive hard, take cleaning, short-
cut and standardization as the development
goal, and work hand in hand with our part-
ners to create brilliance!

Elerein - Gold quality, Cleaning the world!

IMPORTANT EVENTS

2010

In a dilapidated chicken farm, Elerein took the first step in the production of cleaning tools and formally entered the Chinese cleaning industry.

2012

At the beginning of September 2012, Elerein experienced several months of rapid development. In order to expand production, it moved into a new production and processing plant covering an area of more than 2000 square meters, laying the first turning point of Elerein's future development.

2015

In 2015, Mr. Yue Ming was invited to participate in the program recording of the "CCTV CCTV 2" program group, describing the enterprise's development history and future development direction, and discussing the current situation and prospects of the cleaning industry. After the recording, the CCTV 2 column group issued Mr. Yue Ming the Enterprise Integrity Certificate to help the enterprise grow.

2017

With its unique product quality and differentiated innovation, Elerein stands proudly at the forefront of the domestic cleaning industry. Elerein stands for making better products to serve the society and establishing better models to serve customers. In the same year, Mr. Yue Ming proposed "three layouts", which thoroughly promoted the branding process of Elerein and laid the foundation for its brand influence.

2019

Elerein Marketing Center was established to form three regional sales networks nationwide with agents and dealers nationwide. Establish and improve the new ElereinVI system.

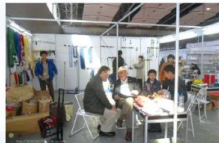

2021

We launched the Elerein S series multi-functional cleaning trolleys, officially launched the city exclusive agency mode, and transformed from production and sales to providing customers with supporting solutions for cleaning scenes.

2011

Elerein participated in the Guangzhou International Cleaning Products Exhibition with the brand of "Elerein", and entered the international cleaning market with high-quality national standard 60-63 aluminum raw materials. The aluminum rods produced by Elerein are higher in hardness and toughness than the standards of the same industry because of the addition of special latarite. Therefore, with the unanimous praise from customers at home and abroad, Elerein started the journey of "beating the world with one stroke".

2013

Elerein was officially renamed as Jin Yijie. Mr. Yue Ming, with his keen industry intuition, repositioned the development direction of "Elerein" and put forward the enterprise spirit of "gold quality cleaning the world", which led to the brand operation of

2016

Elerein's patented product "One Pole" came out. In May of the same year, Elerein participated in Shanghai International Cleaning Products Exhibition. With this product, Elerein won the "Innovation Diamond Award" of this exhibition. It is highly praised by users at home and abroad, and has taken this opportunity to establish friendly strategic cooperation with more than 20 countries, such as the United Kingdom, the United States, Germany, South Korea, Singapore, Australia, and so on.

Elerein has taken another big step towards brand operation.

2018

In response to the national call of "environmental protection" and "resource conservation", Elerein upgraded its product system and launched the EGG environmental protection series. The government has given strong support and good development policies, speeding up the pace of Elerein becoming the first national brand in the cleaning industry.

2020

A new factory area of 20000 square meters has been built, expanding the company's production and storage scale, forming a basic model of production and marketing integration, planning three regions and one center operation. Put forward new goals for the development plan of the enterprise in the next 10 years.

2022

Complete the construction of the national agent distribution network, and better provide customers with supporting solutions for cleaning scenes.

NEW

Automatic Escalator brush
High efficient cleaning
wearable and easily cleaned

escalator show

High efficient cleaning wearable and easily cleaned

Operation process

1. Measure the track model to match the cleaning sponge
2. Configure cleaner according to the dirt condition of elevator
3. Dip the sponge into washer
4. Clean the escalator and dip the washer repeatedly
5. Stop the escalator and clean the facade
6. Wash and dry the dirty sponge

产品优势 PRODUCT FUNCTION

Easy operation

Safe and comfortable
Easy for staff to operate
Low risk factor

Remarkable cleaning effect

rich dimensions
clean the dirt more thoroughly
cleaning more efficient!

Wide range of usage

applicable to escalators with a
wide range of brands,
for step ladder and crawler ladder,
clean the plane and facade in all
directions

More care for escalators

cleaning sponge is soft without
damaging the ladder teeth,
high fit with thorough cleaning,
professional escalator cleaner makes
the surface clean, fresh and bright.

Tools are easy to maintain

Newest aluminum alloy,
strong self-cleaning and easy to
take care of,
clean immediately with cleaning
sponge, low replacement cost of
consumables.

Hospital Project(Outpatient)

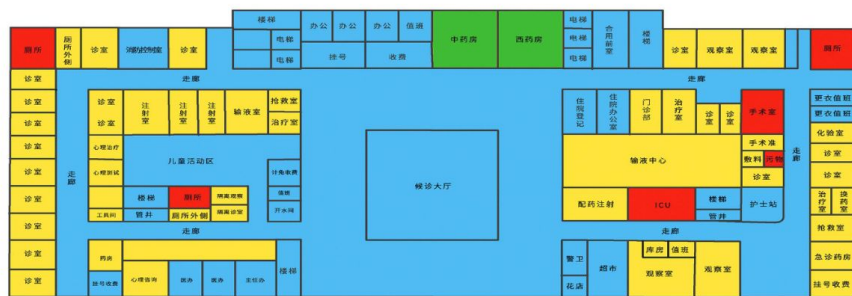

Brand: ECG
 Product: S Type Multi-functional cleaning trolley
 Model: S160 / S90
 Size: 128cm*50.5cm*122/92cm
 Advantage: The sealing system is standard, with high safety factor. Wet mop makes cleaning more flexible

Hospital (wards) project

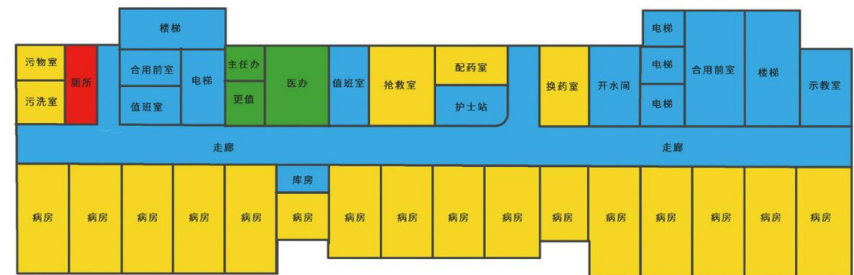

Brand: ECG
 Product: S Type Multi-functional cleaning trolley
 Size: 128cm*50.5cm*122cm
 Advantage: Standardize the storage of cleaning tools, collect large of towels; One room, one towel; One bed, one towel, to avoid cross infection.

Outpatient hall Color Separation and Zoning Management

- Dirt room, toilet, infectious diseases ward
- Pharmacy, medical office, meeting room, warehouse
- Ward, corridor, debate infusion room, injection room, treatment room, peripheral room, consulting room and public passage
- Sunshine room, duty room, changing room, chief nurse's office, water room, dining room

Color Separation of Ward and Zone Management

- Dirt room, toilet, infectious diseases ward
- Pharmacy, medical office, meeting room, warehouse
- Ward, corridor, debate infusion room, injection room, treatment room, peripheral room, consulting room and public passage
- Sunshine room, duty room, changing room, chief nurse's office, water room, dining room

High-speed rail, Airport cleaning project

Brand: ECG

Product: S Type Multi-functional cleaning trolley

Model: S85 / S-TB160

Size: 128cm*50.5cm*92/122cm

Advantage: In the high-speed railway airport cleaning, the cleaning trolley is equipped with a brake system, and the safety system is higher. When the cleaning trolley is fully equipped with tools, most areas of the high-speed railway airport can be cleaned easily.

Office building cleaning project

Brand: ECG

Product: S Type Multi-functional cleaning trolley

Model: S-02 / S-03

Size: 95cm*50.5cm*92cm

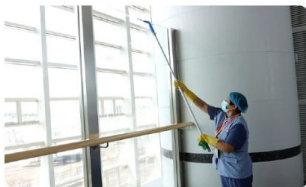

Advantage: Small and convenient, with strong mobility, its function is no less than that of a large cleaning trolley. It is matched with a double box bucket and a water squeezing trolley.
